Dear Mrs. Burke:

It has been called to my attention by Mr. Russell Wakelin that I have failed to reappoint Mr. Alexander J. Slack when his term expired on May 31, 1959.

I think that the town is fortunate to have a man with Mr. Slack's background serve on the Personnel Board. I, therefore, reappoint him to serve for a period of three years, said term to expire May 31, 1961.

I would like to call your attention, and the attention, once again, of the Personnel Board for the need to initiate action to bring Personnel Board terms of service in line with other boards so that all board terms expire March 31. My failure to reappoint Mr. Slack was due to an oversigh because of the May date.

May I urge the board to initiate action so that an article will be included in the Town Warrant to take care of this matter?

Very truly yours,

Re: Election of Town Clerk

Gentlemen:

In accordance with your request I have given serious consideration to the question as to whether or not there should be an election of a Town Clerk at the annual Town election to be held in March, 1960..

I understand that Austin E. Kelly was elected to the office in March, 1957 for a term of three years; that in the early part of 1959, he resigned and that all nomination papers filed for election to the office in 1959 stated that the candidates sought to be elected for a term of three years. The ballots so indicated.

The question put to me is whether or not Mrs. Burke was elected for the remainder of Mr. Kelly's term or was elected for a new three year term which would expire in 1962.

It is my fim opinion that she was elected for the year which remained of Mr. Kelly's term, despite the fact that the voters may have thought that her term would be for three years ending in 1962; that the town had no more power to elect a clerk whose term would extend beyond the unexpired term than it would have elect a selectman for five years just because there was an error in the mominations and in the ballot inducing people to believe that they were voting for a five year term; that Mrs. Burke, or anyone who seeks the office, should be candidates at the Annual Town Meeting of March, 1960.

Respectfully submitted,

(s) Alfred W. Howes,
Town Counsel

Dear Russell:

After what went on at town meeting last week, I hope you will thoroughly understand when I say that there has been considerable pressure brought to bear on me to get some new blood in the Personnel Board. For this reason I am not going to reappoint you for another term. Maybe you would like to use your time another year to run for the school committee or some other office! Or, perhaps, you would just like to have extra evenings for bridge.

I do want to thank you for the time and energy which you have given to the town on the Personnel Board.

For your information, Ralph E. Gray, who is Director of Personnel at Bay State Abrasives, has accepted an appointment on the board.

Section 18. **Investigation of Claims.** – Whenever any payroll, bill or other claim, against the town is presented to the town manager, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the interests of the town, refer it to the selectmen, who shall immediately investigate the facts and determine what, if any, payment should be made. Pending such investigation and determination by the selectmen, payment shall be withheld.

Section 19. **Certain Officers not to make Contracts with the Town.** It shall be unlawful for any selectmen, the town manager, or any other elective or appointive official of the town, directly or indirectly, to make a contract with the town, or to receive any commission, discount, bonus, gift, contribution or reward from, or any share in the profits of, any person or corporation making or performing such a contract, unless the official concerned, immediately upon learning of the existence of such a contract, or that such a contract is proposed, shall notify the selectmen in writing of the contract and of the nature of his interest therein and shall abstain from doing any official act on behalf of the town in reference thereto. In case such interest exists on the part of an officer whose duty it is to make such a contract on behalf of the town, the contract may be made by another officer of the town duly authorized thereto by vote of the selectmen. Violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the town.

Section 20. **Estimates of Expenditures.** – All boards, officers and committees of the town shall annually, at the request of the town manager, submit to him in writing a detailed estimate of the appropriations required for the efficient and proper conduct of their respective departments and offices during the next fiscal year. Section 21. **Existing Contracts and Proceedings.** – No contract existing and no action at law or suit in equity or other proceeding pending at the time this act is accepted or at the time of revocation of such acceptance shall be affected by such acceptance or revocation.

Section 23. **Revocation.** – At any time after the expiration of three years from the date of acceptance of this act, and not less than sixty days before the date of an annual meeting, a petition signed by not less than ten percent of the registered voters of the town may be filed with the selectmen, requesting that the question of revoking the acceptance of this act be submitted to the voters at the next annual town meeting. The selectmen shall thereupon direct the town clerk to cause the said question to be printed on the official ballot to be used at the next annual town election in the following manner: -

"Shall the acceptance by the town of Southborough of an act passed by the General Court in the year nineteen hundred and sixty-six entitled 'An act establishing a town manager form of government for the town of Southborough' be revoked?"

If such revocation is favored by a majority of the qualified voters voting thereon, the acceptance of this act shall be revoked and this act shall become null and void beginning with the annual town meeting next following such vote, provided that all town officers holding office under this act shall continue to hold office until their successors have been duly qualified. At the first annual town election following such vote of revocation the registered voters of the town shall elect by ballot all elective officers, boards, and committees whose election to office was required immediately prior to the acceptance of this act, provided, however, that the town does not vote to accept other plans which provide for a different arrangement from that existing immediately prior to the acceptance of this act. It shall be the duty of the selectmen and the town clerk in office and any other town official upon whom by reason of this office a duty devolves when this act is revoked, to comply with all of the requirements of this section relating to elections, to the end that all things may be done necessary for the nomination and election of the officers required to be elected following the revocation of this act. The said revocation shall not affect any contract then existing or any action at law or any suit in equity or any other proceedings then pending, with the exception of any contract made by the town with the town manager then in office, whose contract shall be terminated immediately upon such vote, but who shall receive three months compensation from the date following such vote. The board of selectmen shall be charged with all the powers and duties of the town manager which duties and responsibilities may be discharged by themselves or by a temporary town manager appointed by them. Any special laws relative to said town which are repealed by this act shall be revived by such revocation. By-laws, votes, rules and regulations repealed and annulled as provided in section three shall be revived by such revocation. By-laws, votes and rules and regulations in force when said revocation takes effect, so far as they are consistent with the general laws respecting town government and town officers and with special laws, shall not be affected thereby. If such revocation is not favored by a majority of the voters voting theron, no further petition therefor shall be filed under this section oftener than once in every three years thereafter.
